

SALVADORI STEAM

We provide multi-day in-school and after-school STEAM (science, technology, engineering, arts, math) programs to pre-K—12 students in all 5 boroughs of NYC. Our programs support instructional goals and help students see the relevance of math, science and the arts through collaborative, hands-on, project-based lessons.

Salvadori STEAM programs:

- give students the opportunity to explore math, science and design concepts using real world applications
- provide students with hands-on, collaborative, project-based learning
- increase student confidence of success in STEAM
- promote college and career readiness
- foster teamwork, critical thinking, and creative problem solving
- support differentiated learning
- include all materials, supplies, lessons, and a dedicated educator to provide all instruction
- include teacher pre-planning sessions, grade-specific curricula, and assessments
- simplify purchasing through the pre-vetted Multiple Task Award Contract (MTAC) process

After Salvadori programs, students see the value and relevancy of the math, science, and art they learn in school.

Salvadori Career Readiness Programs:

help students connect what they learn in the classroom to STEAM careers. Students engage with STEAM professionals to provide more information on their careers and education journeys.

Salvadori Summer Programs:

combat learning loss, support instructional goals, and help students maintain their interests in math and science during summer break.

Salvadori Field Trips:

connect what students learn in the classroom to NYC built environment

- Experience collaborative project-based learning (PBL)
- Topics include, but are not limited to: Project Based Learning, the Engineering Design Process, Lesson and Unit Planning, Student Engagement, STEAM for MLL, etc.

SALVADORI CONDENSED

PROGRAM DATES | 26 May - 26 June 2025

- Fill the final weeks at the end of the year with an exciting program
- Instead of weekly sessions, programs are condensed into consecutive days

SALVADORI SUMMER

PROGRAM DATES | 7 July - 15 August 2025

- Any of our programs, condensed to fit your summer needs
- **Cost/residency varies depending on program**

SALVADORI FIELD TRIPS

For **\$550 per class**, you can experience any of these field trips:
(1 hour program: max. 30 students/class)

- Brooklyn Bridge Scavenger Hunt
- George Washington Bridge Scavenger Hunt
- Highbridge Scavenger Hunt
- Skateparks Scavenger Hunt
- Skyscraper Scavenger Hunt

SALVADORI FOUNDATIONS

Designed to equip early elementary students with essential math, science, and design skills for success in future Salvadori programs.

- **Cost/residency for 4 classes: \$4,500**

SALVADORI FAMILY ENGAGEMENT EVENTS

For **\$550 per workshop**, bring math, science, and design to life for families. Families will experience project-based learning and will walk away with tips on how to create engaging math and science experiences for their children at home with minimal supplies.

SALVADORI CAREER DAYS

Career Day with Built Environment Professionals
(max. 6 classes/day)

Engaging field trips to Architecture, Engineering and Design Firms
(max. 1 class/day)
